The **Red Ball Jets** is a high-energy band that will keep you entertained from start to finish. The Jets pride themselves in their repertoire of top dance and party songs, which include selections from Classic Rock, R&B, Modern and Alternative Rock cover tunes. Their tasteful selection of music keeps all ages rockin'. In 2003, Budweiser True Music jumped on board with the **Red Ball Jets** after realizing what a polished group of musicians and entertainers they are. Starting this journey in North Central Ohio, the Jets always stay true to the fans and clubs that got them started, giving them a beginning and a promising future.

The Band members are Kyle, Ron, Scott, Larry and Jeremie. Lead singer Kyle Allison with talent, energy and love of the stage gives a truly unique performance. His many costumes and character changes will keep you in stitches and wondering how he can top

each one. The dance floor truly ignites from start to finish. You won't want to miss the adventures of "Duckman". Kyle doesn't step on stage just to sing songs; he puts on a show. One you will never forget.

Scott Cain rocks "the tank" as drummer and percussionist. He adds a spark of humor to the show. Watch out, as he will catch you off guard throughout the night with his off the wall get-ups, hats and masks. Scott is the designer of the band website: www.rbjets.com. You can enjoy crowd shots, show pictures, MP3's, gig reports from previous shows as well as scheduled ones.

Ron Meehan joins as a rocker bassist and back-up singer, with over 25 years of experience - 17 of those with Kyle. They played together in a variety of different bands until 1996 started the **Red Ball Jet** experience. Larry Fowler is

the newest member. His duties are the Saxophone and Keyboards. His experience covers many years playing in and around the area. His truck (the Electric Banana) can be seen coming down the road for miles.

Last, but definitely not least, is Jeremie Allen. Jeremie began playing guitar at the age of eight. He plays Blues, Country, Classic Rock and Alternative Rock. Along with his lead guitar talent, his lead vocals add another dimension to the sound of the Jets. Jeremie's unique experience with many people has given him the extra edge needed to sing those unforgettable love songs we all know. Jeremie is the baby of the band but you would never know it by the sounds of his guitar.

Simply, the **Red Ball Jets** are entertainment and a natural chemistry between these men is something special that produces an amazing performance. The **Red Ball Jets** have worked with nationally known performers and has performed more than six years at the worlds longest bar in Put-in-Bay, the Miss Ohio Festival in Mansfield and Snow Trails Ski Resort.
